

Tubing

Need another way to enjoy winter, besides great skiing and snowboarding? Try tubing!

Tubing is a great way to bond over the chilly air together with friends and family. It's fast, fun, and exhilarating.

It's also a great team building activity (well, team bonding anyway), and we offer group and mid-week rates.

Purchase online or call 845-986-4940 to reserve your session. Sessions are limited, and reservations are encouraged.

For the BEST SNOW!

Winter Adventures * Lots of Memories
More Snow - More Fun * Tons of Friends
Tri-State Areas Best Snowmaking * Awesome Grooming

Life is a gift. Life is an adventure. It's time to start living it up and having some fun. Sure, the job is necessary, but enjoying yourself is just as necessary as paying the bills. We are on this earth to have some fun, so let's do it!

We at Mount Peter have discovered the meaning of life, and we want to share it with you. Life is about finding a place to get away and having fun, meeting new people, and connecting with the ones already in our lives. We are a place for grown-ups to be a kid again and for kids to be themselves. If you're looking to live it up we've got parties on the weekends with DJs, bands, and an awesome bar. If what you need is some quiet time, come mid-week and surround yourself with wildlife, nature, awesome snow, and our beautiful view.

Mount Peter offers skiing, snowboarding, tubing, top-notch race programs, rentals and equipment tuning. We have offered **FREE** beginner ski and snowboard lessons on weekends and holidays for more than twenty-years.

Our lessons are taught by the best PSIA (Professional Ski Instructors of America) and AASI (American Association of Snowboard Instructors), and our Mountain School Director is a certified member of the PSIA Development Team. Along with our learning center and carpet lift, we offer development programs for skiing and snowboarding, multi-week programs for weekdays and weekends, and private lessons.

More important than what we can sell you is what we can give you, which is a chance to reconnect with family, friends, and yourself. Skiing and snowboarding are more than great sports; they are a way of life. When you choose these winter sports, you are sending a clear message that you are living the adventure of life, grabbing onto the good times, and are ready for anything.

Life is all about making great memories, and we know you'll make some here. #mountpeteradventures and share the winter fun!
